Re: School Budget Defeat

Township Council:

In regards to our review of the Township of Teaneck's School Budget Defeat, I have enclosed the following:

1. Estimated School Tax Rate for 2010 if the budget had passed.

2. A list of reductions required from 8% through 0% increase in the tax levy.

3. The cost of extra-curricular activities, cost of athletics, cost of athletic transportation and in-district transportation. Some schools districts are reviewing these items and are charging an activity fee.

4. A list of line items to be reviewed for possible reductions.

5. The maximum class-size and the amount of students enrolled per class for the high school and two middle schools are listed. Through larger class sizes or elimination of programs with small amount of students, teaching positions may be eliminated.

It is our opinion that the economic savings that could be realized by the budget cuts outlined in numbers 3, 4 and 5 above can be made and still provide a thorough and efficient education as outlined in the Department of Education's requirements.

FWCC

I have reviewed the projected surplus used in the 2010/2011 budget and it appears to be a fair number. I also reviewed the funds as of 6/30/09 for the community school and cafeteria accounts and do not recommend any change.

The budget presented included the retirement of 21 positions. Any new retirements between now and August 1st will allow the Board to realize additional savings (I used an average of $40,000 to $50,000 when a person retires and is replaced by a new employee).

I look forward to presenting this information Thursday night.

Very truly yours,

Charles J. Ferraioli, Jr., C.P.A.
